## GENERAL INFORMATION

SRN 28-0-0 is a clear liquid, deriving its slow-release properties from Triazone Nitrogen (estimated release pattern is 8-12 weeks). SRN28-0-0 is recommended for agricultural crops (row, vegetable, fruit, nut,field) and turf applications. SRN 28-0-0 is ideal for drip irrigation systems,ground and aerial applications. It is compatible with other NPK fertilizers, and can be tank mixed with most herbicides, insecticides, and fungicides. Avoid strong acids or contact with aluminum, mild steel and brass. Jar tests should be performed to confirm compatibility before mixing with other components.

## GENERAL USE RECOMMENDATIONS

Rates and timing of applications are dependent on local conditions, and should always be made as a result of soil or plant tissue analysis. Please refer to your local dealer representative or extension agent for use guidelines.

**NOTICE** Manufacturer makes no warranties, expressed or implied. The buyer assumes all risks associated with the use of this product. In the event of damage resulting from a breach of warranty, the buyer agrees to accept a refund of the purchase price as full discharge of the manufacturers liability.
